We checked in with Tinka/Santina last week. They had developed a new draft and presented it to Susan... who had additional feedback. So the status is the U.S. is developing a version based on Susan's input, which will be shared with Canada very soon.

Chris,

I know you're out so I don't expect you to respond but perhaps Jamie can respond on your behalf.

Did Susan Hedman ever have any comments on the draft Annex 4 chapter? At the GLEC meeting Susan wanted to see Mike's changes to the Chapter (which I sent her). Do you know if Tinka or Santina have made any progress? Mike has been asking me the status.

Thanks,
